1. Cross off all the organs, tissues or fluids that are inside an animals' body
2. Cross off all the words in Column D that are considered "small" animals (less than 100 lbs)
3. Cross off all the words Column A that start with the letter F or R
4. Cross off the word that means "illness"
5. Cross off the animals who are housed in a barn
6. Cross off all the items that animals have helped us to develop or learn about
7. Cross off the items that all animals need within their diet
8. Cross off all the rodents
9. Cross off the item that would help us to identify an animal kept in a cage
10. Cross off the words that begin with G
11. Cross off the words that have 3 or 4 letters and begin with T
12. Cross off the animal in the feline family
13. Cross off the animal that is the closest to humans
14. Cross off the word that means "to find out"
15. Cross off the words that have 4 or 5 letters

There should be 4 words left: Place them in the correct order for the Hidden Message!
(Hint: the people who look after lab animals show their concern for all of the animals' health and comfort)
